

Capstone Project: Applying UI/UX Design in the Real-World

Lab: Drafting a UI/UX Resume

Instructions: Fill out each section below based on your research and insights. Replace the guidance in parentheses with your own content.

Step 1: Set up your document

(Set up your resume document using Google Docs with readable fonts.)

[Your response]

Step 2: Add your resume header

(Create a resume header with your name, job title, contact, and portfolio link. You can also add your LinkedIn profile.)

[Your response]

Step 3: Write your professional summary

(Describe your professional summary in two to four sentences, including your area of focus, project outcomes, tools and methods, and value.)

[Your response]

Step 4: List your skills

(List your skills to organize your skills using categories and use bullet points or a table for clarity.)

[Your response]

Step 5: Add work experience (if applicable)

(Add your work experience in three to five bullet points.)

[Your response]

Step 6: include featured projects

(Describe one or two strong projects with its title, role, tools, and case summary.)

[Your response]

Step 7: Add awards or achievements

(Include design challenges or competitions, client or stakeholders, and any public mentions in the awards or achievements section.)

[Your response]

Step 8: List education and certification

(Include relevant degree, school, graduation year, relevant courses, certifications, and its ID.)

[Your response]

Step 9: Review and export

(Review your resume before sending it to the potential employer.)

[Your response]
